Seventh-day Adventist Laymen Upholding Historic Adventism

“What? know ye not that your body is the temple of the Holy Ghost which is in you, which ye have of God, and ye are not your own?” 1 Cor 6:19

In this time of earth's history, there is an alarming centralising of financial, political, economic, religious and medical control. We, as Seventh-day Adventists know where all this is heading. Inspiration tells us that God expects us to protect and uphold our liberties which cost so much blood in ages past.

“The watchmen must sound the alarm. If men are at ease in Zion somebody must be awake to give the trumpet a certain sound. Let the blaze of the beacon light be seen everywhere. Let the ease-loving awake, the tranquil be disturbed, and let them labor for religious liberty. And after we have done all we can, then leave our Lord to do His work.” Ellen White 1888 Materials pg 379.

The NZ Government tried twenty years ago to ram through the ‘Therapeutics Goods Act’, on behalf of UN and WHO. The huge opposition from New Zealanders caused the then Government to retreat from this draconian legislation which would have, if passed, destroyed our freedom of choice. This same TGA Bill is now being pushed again upon an unsuspecting public.

The Bible tells us that God wants us to prosper in health *“I wish above all things that thou mayest prosper and be in health.”* 3 John 1:2. Our health is a gift from God, and we don't appreciate good health until we have a health problem. It is our responsibility to look after our bodies, for they are the temple of God.

As SDAs, we believe our health message, if followed correctly, is an essential part of sanctification for us all, and particularly for the preparation of the 144,000 who will stand without a mediator after the close of probation. They will not suffer death and will have the privilege to see the Lord coming in the clouds.

God has given us the Eight Laws of Health, yet they are rapidly coming into conflict with the world's health system. This monopolised system is treating the effect, rather than the cause, with drugs, vaccines, and costly operations. The recent covid crisis is a classic case where citizens are required to forego their per-

sonal conscience and choice, for the ‘greater good’ of society. Pope Francis said recently that we should all be vaccinated for the greater good of our world. People don't realise that these seemingly innocent words to help in an emergency, stem from the age old Roman Catholic principle. In the middle ages, Protestants were urged to waylay the good of society. This Roman Catholic principle is against the Protestant principle of informed choice.

We are being urged to reject our choice for the greater good in this world crisis. We have not been informed, however, that the principle of mass vaccination is not as sound as the authorities claim it is. If we take a thousand people from all walks of life and vaccinate them all with the same dosage, we have a major scientific anomaly. If a large man, and a small woman both receive exactly the same vaccine dosage, the little old lady receives twice the dosage as the large man. This is against every principle of science. I have discussed this in the past with doctors, and some can't see my point. Of the thousand people in our example who receive the vaccine, the doctors have no idea what the immune system of each person is like. That is why some react adversely and some don't. God gave us all an immune system to combat the diseases of this world. The Eight Laws of Health preserve this system.

We, like thousands of other concerned New Zealanders, see this proposed Bill as a gross intrusion by the Government into their health choices. Consequently, we have submitted our concerns to the Select Committee on Health. We have included our submission below so we can all have a better understanding of the challenge we all face to our freedoms.

SUBMISSION TO THE NZ TGA BILL
Our forefathers sacrificed in wars, to preserve their liberties for themselves and their posterity. Today, their posterity see these liberties being systematically eroded by their elected representatives and unelected “bureaucrats”, who claim

Pages 1,2

they are protecting us from ourselves. A growing number of New Zealanders are becoming aware that they are being regulated into a dictatorship by unneeded and unasked for laws.

Incidentally, I'm not opposed to the medical profession, for it saved my life after a serious injury. I also get a yearly health check with my doctor. When she prescribes a medication to me, I question her about the side effects, then choose to take her medication or take a natural remedy. I also acknowledge the tremendous work our over-taxed medical system is doing for New Zealanders. This appreciation of our Health system is not blind, however, for we retain the right to question it, when we see fit.

In my opinion, this proposed Bill is a weakly veiled attempt led by the Ministry of Health, to take the freedom of choice concerning natural health issues from New Zealanders. I will prove my point. The people of New Zealand are not out on the streets rioting for this Bill to be passed into law. Many New Zealanders know that this Bill will take away their freedom of choice in health issues, and give control of their health to vested interests who are opposed to the Natural Health Profession.

If it is not the New Zealand public who are pushing this Bill, then we have a right to ask who is benefiting from it. Let us find out who is gaining from the passing of this Bill. If we do this, then we can find out who is pushing it for their own benefit. If we look at this Bill, we see that the Ministry of Health, the Medical Profession and the Drug Companies, will be the beneficiaries.

Let us look at these medical associates and their past record.

Medical misadventure kills nearly 4,000 New Zealanders every year. (Source: NZ Govt. Year Book 1998). Non-fatal medical injuries total over 40,000 a year. (NZ Listener page 18, March 6, 2010). Auckland doctor Robin Youngson's projection states that the total of non-fatal injuries may exceed 65,000.

ACC paid out last year 50 million dollars to New Zealanders who had been injured by medical misadventure. With these statistics, it is the right of everyone to question the entrenched health system without encountering retaliation. You claim this Bill 'supports consumer safety'. You claim these proposed regulations are to protect New Zealanders, but the Medical Profession is already heavily regulated, and yet, these regulations don't stop the unnecessary deaths and injuries. If these regulations of the Medical Profession don't stop these unnecessary casualties, how can logically minded New Zealanders be expected to believe that this proposed regulating of the Natural Health Profession, which kills and maims no one, can be a benefit to New Zealanders? Most New Zealanders are intelligent enough concerning their personal health.

How do we know this? Because they elected politicians as their servants, to make choices in their best interest and not in the interest of those, who are pushing this Bill on behalf of vested interests. If this Bill is passed in to law, then the Medical Industry that kills over 4,000 and injures over 40,000 a year will now have control and power over their growing competition, the Natural Health Profession, who kill and injure no one.

This Bill says it is to protect New Zealanders. It states 'Therapeutic products can present serious risk or harm.' This statement, when compared with the above death and injuries, is blatantly dishonest and deceptive, in order to 'prove' the need for this legislation. Can the Ministry of Health provide to the New Zealand public a list numbering all those who have died or been injured per year at the hands of the Natural Health Profession? This proposed Bill also covers what supplements we can give to animals. Who ever put that in this legislation should be censored. We believe this has been done to stop Vets being able to be given regulated supplements to New Zealanders who are trying to circumvent this draconian and unnecessary legislation.

Doctors have little training at Medical School to prescribe Vitamins, and other Natural Remedies. If this Bill is passed, some fear they will have to go to a doctor for a prescription for a minute amount of Vitamins which, in such small quantities, will not benefit. For example, many health-minded New Zealanders take at least a 1000mg a day of Vitamin C to boost their immune system. One doctor prescribed 30mg a day to a patient. This ignorance of Natural Remedies and their benefits, is equivalent to putting one grain of salt in a glass of water and expecting the result of taking salt water. It is not the doctor's fault, for they are trained to give out drugs. They are mainly trained to treat the effect rather than the cause. More and more New Zealanders are starting to treat the cause rather than the effect, by staying healthy with natural supplements.

I believe that the Ministry of Health and the Medical Profession and the Drug Companies see this as a threat to their interests. So, this proposed legislation only makes sense if we realize it is to protect their interest and power. Our medical system, which was once the envy of the world, is overloaded, and waiting lists are getting longer. The Government is spending billions of dollars to try and keep our health system afloat, and our hospitals are continuing to be overcrowded. The Natural Remedies Profession is helping many New Zealanders to retain their health with Natural Remedies. This takes pressure off our overloaded medical system. If the Government legislates to burden the Natural Remedies Profession, then eventually the New Zealanders who use this service will have to return, against their will, to an already overloaded Health System. The Natural Remedies

Profession is taking pressure off the Government by keeping people healthy and out of our Hospital System. If the Government restricts New Zealanders for using Natural Remedies, down the line they only add a burden to an already overtaxed Health System.

You plan to regulate the Natural Remedies Profession which has a huge and growing following in New Zealand, but the best regulator is the consumer. I've been selling health supplements for 25 years in a small way. If New Zealanders don't like my product or my price, they don't come back, but go elsewhere, regardless of your proposed regulations. If New Zealanders were dying from Vitamin C and other helpful and harmless remedies, then you would have a strong case to present to the public for the passing of this Bill, BUT NO ONE IS DYING FROM THESE HARMLESS REMEDIES. IF THEY WERE DYING, I WOULD NOT OPPOSE THIS BILL. If you can show that someone has been injured by Vitamins and other health supplements, after taking them in accordance with instructions from their clinicians, then you have some credibility, but if not, then you can't blame New Zealanders for thinking there is a plan by the Ministry of Health, Medical Council and the Drug Companies to benefit themselves, by controlling their growing and popular competition. To 'prove' their case that Natural Supplements are a danger to the public, the Ministry of Health will drag up some hardly known herb that hardly anybody knows about or uses, and claim that in 1903 someone was adversely effected by it. Consequently, all herbs and health products must be regulated for our own safety. This will be a total dishonest over-kill, which will enable them to regulate and control a profession that harms nobody.

Most New Zealanders accept the historic tradition that our Government has a right to get into our pockets for taxes to run our great nation, but we will not accept that our Government now wants to control our bodies by unnecessary and unasked for regulations. This proposed regulation will prevent New Zealanders choosing what remedies they want to put in their own bodies.

I believe I have made our point clear. New Zealanders are not asking their democratically elected representatives to introduce and pass this deceitful legislation. Why is it being passed? In my opinion, it is being passed, not for the benefit of health-minded New Zealanders, but to subjugate the Natural Health Profession, who have harmed no one, to entrenched and powerful Medical interests. This includes 'advice from the UN and the WHO.'

As a New Zealander of Maori heritage, I believe that this proposed legislation, if passed, would be a breach of my liberties and rights under the Treaty of Waitangi, the New Zealand Bill of Rights, the UN Bill of Rights, and the Nuremberg Convention. Evan Sadler ■

Books For Your Library

This is a book written by Rudy Harnisch as a tool to help reach the Muslim believer. Pocket size 17 pgs PBd

A short study book on the subject of the judgment. This is designed for passing to Muslim believers, with references from the Qur'an. Pocket size 36 pgs PB

Here you have lots of relevant SOP quotes showing her position on this subject. 48 pgs PB

This book brings together a selection of Waggoner and Jones' writings containing the heart and soul of their message. 151 pgs PB

This book brings to focus the story of the early Advent people, especially as they passed through the stormy 1888 crisis. 293 pgs PB

The Censer still Burns written by a retired SDA Pastor helps to reaffirm this important subject. With topics like: the Rent Door, the Breastplate of Judgment, the Red Heifer and the Two Sparrows. 96 pgs PB

This is a book examining our historic Sanctuay Message! Here is a treasure chest of Spirit of Prophecy quotations about the Sanctuary and the doctrines surrounding it. 347 pgs PB

Divinity

God is pleased when we take the time to find from the Word of God, what we can about the God that we serve. As our 'Maker' is infinite and we are finite, there will, of course, be many things we cannot know or understand. *"The secret things belong unto the LORD our God: but those things which are revealed belong unto us and to our children for ever; that we may do all the words of this law."* Deuteronomy 29:29. So the good news is that what the Lord has given in His word for us, about Himself, is there and with a humble spirit, we may approach the Throne of God.

*"That their hearts might be comforted, being knit together in love, and unto all riches of the full assurance of understanding, to the acknowledgement of the **mystery of God, and of the Father, and of Christ;**"* Colossians 2:2.

So with full acknowledgement that much of God is a mystery, let us consider the attributes of God.

THE ATTRIBUTES OF GOD

God is Love, this is made very clear in His Word. *"He that loveth not knoweth not God; for God is love."* 1John 4:8. It is the love of God that draws us unto Himself. *"We love him, because he first loved us."* 1John 4:19.

This is the wonderful message we have to share with the world. That God really does care about each individual person, and He loves them.

"God is love" is written upon every opening bud, upon every spire of springing grass. The lovely birds making the air vocal with their happy songs, the delicately tinted flowers in their perfection perfuming the air, the lofty trees of the forest with their rich foliage of living green—all testify to the tender, fatherly care of our God and to His desire to make His children happy." Steps to Christ Pg 10.

HE IS OUR CREATOR

There can only be two ways that the wonderful world in which we live could have began. The first is by an accident, but the more you see the detail and design, the more convincing is the evidence that the other option is the correct one. This world was created by design, which tells of a designer. This world has a Creator. *"Lift up your eyes on high, and behold who hath created these things, that bringeth out their host (all the stars) by number: he calleth them all by names by the greatness of his might, for that he is strong in power; not one faileth."* Isaiah 40:26.

HE IS ETERNAL & SELF EXISTENT

The God of the Bible is eternal and needs no one to bring Him life, or renew His strength. *"Who only hath immortality, dwelling in the light which no man can approach unto..."* 1Timothy 6:16.

OMNISCIENT (ALL KNOWING)

"Behold, the nations are as a drop of a bucket, and are counted as the small dust of the balance: behold, he taketh up the isles as a very little thing." Isaiah 40:15.

"Tell everything to Jesus. He knows all the bearings, all the results of every purpose and every plan. His wisdom is unerring, and He has given evidence how much He loves His purchased possession, and how willing, how gratified He is to help His children, to guide them in judgment." The Paulson Collection pg 102.

OMNIPOTENT (ALL POWERFUL)

This is the wonder of our God, There is nothing He cannot do. There is no problem that you and I have that He cannot solve. Faith is the connection to this Powerful God that we worship. *"And I heard as it were the voice of a great multitude, and as the voice of many waters, and as the voice of mighty thunderings, saying, Alleluia: for the Lord God omnipotent reigneth."* Revelation 19:6.

OMNIPRESENT

We have a powerful reference to the all present nature of God in SOLOMON'S PRAYER found in II Chronicles 6:18 *"But will God in very deed dwell with men on the earth? behold, heaven and the heaven of heavens cannot contain thee; how much less this house which I have built!"* Such is the scale of the God who is with each one of us, at all times. Ellen White said it in these words. *"God always has been. He is the great I AM. The psalmist declares, "Before the mountains were brought forth, or ever Thou hadst formed the earth and the world, even from everlasting to everlasting, Thou art God." He is the high and lofty One that inhabiteth eternity. "I am the Lord, I change not," He declares. With Him there is no variableness, neither shadow of turning. He is "the same yesterday, and today, and forever." He is infinite and omnipresent. No words of ours can describe His greatness and majesty."* Medical Ministry Pg 92. Think on the size and everpresent nature of our God, and any problem that you have will begin to shrink in size.

Peter Henham

THE GODHEAD

Much of Israel's Biblical reasoning that led them to reject Jesus was from the following verse. *"Hear, O Israel: The LORD our God is one LORD:"* Deuteronomy 6:4.

They asked amongst themselves, 'How can a carpenter's son also be God when there is only one God?' This subject was a mystery to the Jews, even to their Bible scholars, who could not move past this Deuteronomy 6:4 Bible text. Jesus made the claim of being God in John 8:58-59 and John 10:30-31. In both cases the unbelieving Jews tried to stone him to death.

"For the invisible things of him from the creation of the world are clearly seen, being understood by the things that are made, even his eternal power and Godhead; so that they are without excuse:" Romans 1:20.

Let us consider for a moment a Bible verse where the plurality of God is expressed. *"And God said, Let us make man in our image, after our likeness:..."* Genesis 1:26.

The word God in this passage is Hebrew or H430 in the Strong's Concordance. This number references the Hebrew word 'Elohiym' which carries the thought of plurality in its reference to God, and is used in this passage, as God giving an original reference to the plurality of Himself in the Godhead. Elohiym is translated into the English as us or our. So the Old Testament shows this concept of God, and so does the New Testament. Jesus tells us: *"Go ye therefore, and teach all nations, baptizing them in the name of the Father,*

and of the Son, and of the Holy Ghost:” Matthew 28:19.

Some Seventh-day Adventists would prefer to delete this verse from the Bible, even though EG White quotes from it over 400 times. “They were to baptize in the name of the Father, the Son, and the Holy Spirit. Christ’s name was to be their watchword, their badge of distinction, their bond of union, the authority for their course of action, and the source of their success. Nothing was to be recognized in His kingdom that did not bear His name and superscription.” Acts of the Apostles pg 28.

THE TRINITY ACCORDING TO ROME

Rome uses the word Trinity with much history developed from her Councils and Church Fathers. As we consider Rome’s view of the Trinity, here is a quote from a RC web page: “the Father is unbegotten, the Son is begotten from the Father and the Holy Spirit is neither unbegotten nor begotten but proceeds from the Father through the Son.” <https://www.catholicculture.org/culture/library/view.cfm?id=9274&repos=1&subrepos=0&searchid=2268801>

If you think of it, this idea of the Holy Spirit proceeding from the Father and Son; in fact the whole phrase is really more closely aligned to the SDA - Anti Trinitarian view, that Christ came from the Father and the Holy Spirit emanates from the Father and or the Son.

Both are very similar and a great distance apart from the Biblical idea of three eternal co-existing personalities - ie the Godhead.

THE CHALLENGE TO THE SDA VIEW

The two challenges to the standard SDA Bible thinking on the Godhead is:

1. That Christ, somewhere in the eons of time, actually came from the Father, so in some form of eternal reality this view would concede that Christ had a time where he was not a separate independent personality.

2. That the Holy Spirit is not another personality, separate from the Father and the Son, the Third Person of the Godhead. But is somehow the outworking of the Spirit of the Father and the Son.

Often in defense of these positions, the SDA pioneers are quoted, as that was the thinking of more than a few of the founders of this SDA body.

Praise God, for the Bible and Ellen White as they both shed light on this Divine subject.

THE ETERNAL PRE-EXISTENCE OF JESUS CHRIST

We find in the OT “But thou, Bethlehem Ephratah, though thou be little among the

thousands of Judah, yet out of thee shall he come forth unto me that is to be ruler in Israel; whose goings forth (ORIGIN) have been from of old, from everlasting.” Micah 5:2. Isaiah the Gospel prophet, also weighs in on this glorious subject. “For unto us a child is born, unto us a son is given: and the government shall be upon his shoulder: and his name shall be called Wonderful, Counsellor, The mighty God, The everlasting Father, The Prince of Peace.” Isaiah 9:6.

Paul, in the NT, cannot hold back from sharing the light on the pre-existent Son, saying that God said to God, thy throne is forever. “But unto the Son he saith, Thy throne, O God, is for ever and ever: a sceptre of righteousness is the sceptre of thy kingdom.” Hebrews 1:8. Of note is that EG White refers to this verse, and I have put here two references. Letters and Manuscripts Vol 22 (1907) Ma 57, 1907 & Christ Triumphant pg 191.

As I come to the quotes from Ellen White regarding the eternal pre-existence of Christ and the personality of the Holy Spirit, there are many voices that cry out, ‘brother, don’t you know that her secretaries corrupted her writings?’ Well, I would like to share a story. The following information is based on a talk given by M.L. Andreasen in Nov 1948. First, a little background on Elder/Pr Andreasen (Quoted From Wikipedia). “He (Andreasen) was one of the SDA’s most prominent theologians during the 1930’s. Andreasen held the belief that Christians can overcome sin, known popularly as ‘Last Generation Theology’. He was controversial for his views on atonement and salvation. Andreasen became well known for his protests against Seventh-day Adventist church leaders during the last years of his life.”

Andreasen suffered for his witness, even losing his ministerial credentials. He wrote the booklet ‘Letters to the Churches’ in which he addressed the issue of the leadership tampering with EG White’s writings by creating subheadings, footnotes etc. that suggested the opposite of the text in her actual statements, regarding the atonement. (Letters to the Churches pg 19.) I will now quote from ML Andreasen explaining as he first read her Desire of Ages’ quote on the divinity of Jesus. “I remember how astonished we (Him and the other SDA ministers of his day) were when Desire of Ages was first published in 1898, for it contained some things that we considered unbelievable, among others the doctrine of the God head being three persons.” The following is this quote from DA. “In Christ is life, original, unborrowed, underived.” DA 530. Again this was first published in 1898.

As a result of this and other material that

he had read from the pen of Ellen White, ML Andreasen, as a young minister trying to sort out fact from fiction, visited at Mrs White’s home and asked to view her original hand written materials. He was convinced that all this material, some of it so masterly written, with such intellectual skill, could not have come from an uneducated lady. On viewing for many days her hand written drafts, Andreasen summarised with these words. “But now I found it in her own handwriting just as it had been published. It was so with other statements. As I checked up, I found that they were Sister White’s own expressions.”

He went on to state that he could see the work of the secretaries was mainly spelling and punctuation, as Ellen White had very little time for punctuation as she wrote.

This was the witness of a man beginning in his ministerial journey looking for the truth, who in later life paid dearly for his love of the writings of Ellen White. It cancels out the claims made by those who debunk her writing with a thoughtless cry of they have been corrupted. Hear what God says through her writings on the important subject of the Godhead.

SOP “It was Christ who from the bush on Mount Horeb spoke to Moses saying, “I AM THAT I AM” ... DA24.

SOP. “With the Father from everlasting ages” ST June 27, 1892.

SOP. “There never was a time when He was not in fellowship”. ST Aug 29, 1900.

SOP. “Existed from eternity, a distinct person”. RH April 5, 1906.

STUDYING THE HOLY SPIRIT AND THE STORY OF ANANIAS AND SAPPHIRA

Let us read the story of Ananias and Sapphira, and see what these verses tell us about the Holy Spirit. “But Peter said, Ananias, why hath Satan filled thine heart to lie to the Holy Ghost, and to keep back part of the price of the land? Whiles it remained, was it not thine own? and after it was sold, was it not in thine own power? why hast thou conceived this thing in thine heart? thou hast not lied unto men, but unto God.” Acts 4:3-4. Here Peter equates a lie to the Holy Spirit as a lie to God.

As John expresses the work of the Holy Spirit, he ascribes personality by using the word He. “Howbeit when he, the Spirit of truth, is come, he will guide you into all truth: for he shall not speak of himself; but whatsoever he shall hear, that shall he speak: and he will shew you things to come.” John 16:13. The Greek word used for he is ekeinos, G1565 and the Vines Expository Dictionary denotes “that one, that person.” denoting a personality to the

A Spike Protein Detox Guide

About This Spike Protein Detox Guide

This is an evolving guide with emerging information on how to clear viral and vaccine-induced spike proteins from the body. The lists of herbal and other medicines and supplements have been compiled in a collaboration between international doctors, scientists, and holistic medical practitioners.

As Covid-19 infections, Covid-19 vaccines, and the issue of spike protein harms are new, this guide is informed by established and emerging medical research as well as the clinical experience of international medical doctors and holistic health practitioners; it will evolve as new evidence emerges.

The patent-free medicines and supplements included may have differing availability around the world.

Who might benefit from this spike protein detox guide?

If you have had Covid-19, have recently had a Covid-19 injection, or are experiencing symptoms that may be related to Covid-19 vaccine transmission (also called shedding), you may benefit from using one or more items from our list of medicines and supplements to reduce spike protein load. The spike protein, which is both a part of the Covid-19 virus and is produced in our bodies after inoculation, can circulate around our bodies causing damage to cells, tissues, and organs. We do not know how long spike proteins stay in the body, however this guide is designed to reduce the load.

Relevant for Adverse Reactions

Many people have been unable to find help for spike protein related illness (also called spikopathy) through existing healthcare services. This information is relevant if you have experienced adverse reactions after a jab, have Long Covid, or have post Covid-Injection Syndrome (pCoIS).

Important Note: This spike protein detox guide is for education only. If you are ill after vaccination, please seek help from a medical doctor or an holistic health practitioner.

The spike protein can be found in all SARS-CoV-2 variants. It is also produced in your body when you get a Covid-19 injection. Even if you have not had any symptoms, tested positive for Covid-19, or experienced adverse side effects after a jab, there may still be lingering spike proteins inside your body. In order to clear these after the jab or an infection, doctors and holistic practitioners

are suggesting a few simple actions.

It is thought that cleansing the body of spike protein (referred to as a spike protein detox from here on) as soon as possible after an infection or jab may protect against damage from remaining or circulating spike proteins.

Key Features of the Guide

In this spike protein detox guide, we will discuss several key features of these conditions that can be targeted during a detox:

- * The spike protein
- * ACE2 receptors
- * Interleukin 6 (IL-6)
- * Furin
- * Serine protease

Important Safety Information Before Beginning a Detox

Please do not undertake a spike protein detox without supervision from your trusted health practitioner. Please note the following:

Pine needle tea, neem, comfrey, Andrographis paniculata – Should NOT be consumed during pregnancy.

Magnesium – Overdosing is possible, and it is more difficult to detect when consuming liposomal magnesium. Therefore, consider a mixture of liposomal and conventional magnesium, or just conventional magnesium.

Zinc – When consuming a multivitamin that already includes zinc, be sure to adjust the quantity of zinc consumed in other supplements.

Nattokinase – Do not take while using blood thinners or if you are pregnant or nursing.

Always consider dosing – When taking a multivitamin, remember to adjust the amount of individual supplements accordingly. (e.g. If your multivitamin contains 15mg of zinc, you should reduce your zinc supplementation by that amount.)

St John's Wort – This medicine interacts with many pharmaceutical drugs. It should not be taken if you are on other medication without advice from your doctor.

Proactive and Supportive Measures

Virtually all conditions are more easily managed in their early stages. After all, it is certainly preferable to avert a health crisis entirely than it is to react to one. As the saying goes, an ounce of prevention is worth a pound of cure.

A healthy diet is vital to support a healthy immune system.

World Council For Helath

Tips

Alter your diet so as to reduce consumption of pro-inflammatory food items. A low histamine diet is recommended. Avoid processed foods and GMOs.

The food items found in Table 1 may also be incorporated into daily diets prior to contracting Covid-19 or receiving a Covid-19 jab, if you still choose to do so. (see Link)

Intermittent fasting: The practice of intermittent fasting involves implementing meal timing schedules that switch back and forth between periods of voluntary fasting and non-fasting. Commonly, those who practice intermittent fasting consume all of their daily calories within 6-8 hours each day. This method of dieting is used to induce autophagy, which is essentially a recycling process that takes place in human cells, where cells degrade and recycle components. Autophagy is used by the body to eliminate damaged cell proteins and can destroy harmful viruses and bacteria post-infection.

Daily consumption of a multivitamin is advised. It provides a basic supply of vitamin A, vitamin E, iodine, selenium, trace elements, and more in addition to vitamin C and vitamin D3.

Heat therapy, such as taking saunas and hot baths, are considered a good way of detoxing spike protein.

What is the Spike Protein?

The SARS-CoV-2 virus contains a spike protein on its surface. If you've seen images of the coronavirus, it is the sun-like protrusions pictured outside of the virus.

During a natural infection, spike proteins play a key role in helping the virus enter the cells of your body. A region of the protein, known as the S2, fuses the viral envelope to your cell membrane. The S2 region also allows for the coronavirus spike protein to be easily detected by the immune system, which then makes antibodies to target and bind the virus.

Spike proteins are also produced by your

To Page 8

body after taking a Covid-19 jab, and they function similarly in that they are able to fuse to cell membranes. In addition, since they are made in your own cells, your cells are then targeted by your immune system in an effort to destroy the spike protein. Thus, your immune system's response to spike proteins can damage your body's cells. Emerging evidence is also showing that in the nucleus of our cells the spike protein impairs our cells' ability to repair DNA.

Why should I consider a spike protein detox?

The spike protein from a natural infection or a Covid vaccine causes damage to our body's cells, so it is important to take action to detoxify from it as best as we are able.

The spike protein is a highly toxic part of the virus, and research has linked the vaccine-induced spike protein to toxic effects. Spike protein research is ongoing.

The virus spike protein has been linked to adverse effects, such as: blood clots, brain fog, organising pneumonia, and myocarditis. It is probably responsible for many of the Covid-19 vaccine side effects discussed in the WCH post-injection guide.

A Japanese biodistribution study for the Pfizer vaccine found that, in the 48 hours post-vaccination, vaccine particles had travelled to various tissues throughout the body and did not stay at the injection site, with high concentrations found at the liver, bone marrow, and ovaries.

Emerging evidence on spikopathy suggests that effects related to inflammation and clotting may occur in any tissue in which the spike protein accumulates. In addition, peer-reviewed studies in mice have found that the spike protein is capable of crossing the blood-brain barrier. Thus, in humans it could potentially lead to neurological damage if it is not cleared from the body.

How to reduce your spike protein load

Supporting people with Long Covid and post-vaccine illness is a new and emerging field of health research and practice. The

following lists contain substances that may be useful. This list has been compiled by international doctors and holistic practitioners with diverse experiences in helping people recover from Covid-19 and post-injection illness.

Luckily, there are a host of easily attainable, natural solutions to reduce your body's spike protein load.

Some "Protein Binding Inhibitors" inhibit the binding of the spike protein to human cells, while others neutralize the spike protein so that it can no longer cause damage to human cells.

Spike Protein Inhibitors: Prunella vulgaris, pine needles, emodin, neem, dandelion leaf extract, ivermectin

Spike Protein Neutralizers: N-acetylcysteine (NAC), glutathione, fennel tea, star anise tea, pine needle tea, St. John's wort, comfrey leaf, vitamin C

Ivermectin has been shown to bind to the spike protein, potentially rendering it ineffective in binding to the cell membrane.

Several plants found in nature, including pine needles, fennel, star anise, St. John's wort, and comfrey leaf, contain a substance called shikimic acid, which may help to neutralize the spike protein. Shikimic acid may help to reduce several possible damaging effects of the spike protein, and is believed to counteract blood clot formation.

Regular oral doses of vitamin C are useful in neutralizing any toxin.

Pine needle tea has powerful antioxidant effects and contain high concentrations of vitamin C.

Nattokinase (see Table 1), an enzyme derived from the Japanese soybean dish 'Natto', is a natural substance whose properties may help to reduce the occurrence of blood clots. (See Link at the end of the article)

What is the ACE2 receptor?

The ACE2 receptor is located in the cell wall, in lung and blood vessel linings, and in platelets. Spike protein attaches to ACE2 receptors.

It has been proposed that large concentrations of spike protein may bind to our ACE2 receptors and effectively 'sit there', blocking the regular functioning of these receptors in various tissues. The disruption of these receptors has been associated with a multitude of adverse effects through altered tissue functioning.

If spike proteins bind to the cell wall and 'stay put', they could trigger the immune system to attack healthy cells and possibly

trigger autoimmune disease.

The spike protein could attach to ACE2 receptors located on blood platelets and the endothelial cells lining the blood vessels, which may lead to abnormal bleeding or clotting, both of which are linked to Vaccine-induced Thrombotic Thrombocytopenia (VITT)

How to detox your ACE2 receptors

Substances that naturally protect the ACE2 receptors:

Ivermectin

Hydroxychloroquine (with zinc)

Quercetin (with zinc)

Fisetin

Evidence suggests the binding of ivermectin to the ACE2 receptor prevents the spike protein from binding with it instead.

What is Interleukin-6?

Interleukin 6, or IL-6, is a primarily pro-inflammatory cytokine protein. This means it is naturally produced by the body in response to infection or tissue damage and initiates the inflammatory response.

Why target IL-6?

Some natural substances help the post-jab detoxification process by targeting Interleukin 6. Scientific evidence shows that cytokines such as IL-6, are found in far higher levels among those infected with Covid when compared to uninfected individuals.

IL-6 has been used as a biomarker for Covid progression. Increased levels of IL-6 have been found in patients with respiratory dysfunction. Meta-analysis has revealed a reliable relationship between IL-6 levels and covid severity. IL-6 levels have been inversely related with T-cell count in ICU patients.

Pro-inflammatory cytokines such as IL-6 are also expressed post-vaccination, and studies suggest that they may reach the brain. IL-6 inhibitors have in fact been recommended by the WHO for severe Covid cases, for which they have been described as life-saving.

How to detox from IL-6

The following lists of natural substances, including several basic anti-inflammatory food supplements, can be used to prevent the adverse effects of IL-6 by inhibiting its action.

IL-6 Inhibitors (anti-inflammatories): Boswellia serrata (frankincense) and dandelion leaf extract

Other IL-6 inhibitors: Black cumin (Nigella sativa), curcumin, fish oil and other fatty acids, cinnamon, fisetin (flavonoid), apigenin, quercetin (flavonoid), resveratrol, luteolin, vitamin D3 (with vitamin K2), zinc, magnesium, jasmine tea, spices, bay leaves, black pepper, nutmeg, and sage

Several natural, plant-based substances are used in antiviral therapy. The plant pigment quercetin has been shown to display a broad range of anti-inflammatory and antiviral effects.

Zinc has been shown to work as a potent antioxidant, which protects the body from oxidative stress, a process associated with DNA damage, excess inflammation, and other damaging effects.

What is furin?

Furin is an enzyme, which cleaves proteins and makes them biologically activate.

Why target furin?

Furin has been shown to separate the spike protein and thus allow the virus to enter human cells.

A furin cleavage site is present on the Covid spike protein, which is thought to make the virus more infectious and transmissible.

Furin inhibitors work by preventing cleavage of the spike protein.

How to detox from furin

Substances that naturally inhibit furin:
Rutin

Limonene
Baicalein
Hesperidin
What is serine protease?
Serine protease is an enzyme.

Why target serine protease?

Inhibiting serine protease can prevent spike protein activation and also reduce viral entry to cells, hence reducing infection rate as well as severity.

How to detox from serine protease

Substances that naturally inhibit serine protease and may help to reduce spike protein levels in the body:

Green tea
Potato tubers
Blue green algae
Soybeans
N-Acetyl Cysteine (NAC)
Boswellia (frankincense)

What to Take? How much to take?

Where does it come from?

Where to get it?

Most of these items are easily accessible in local grocery stores or as nutritional supple-

ments in health food stores.

Note: This list is not comprehensive and other substances, such as serrapeptases and CBD oil, have also been suggested. The eWorld Council for Health (WCH) will continue to update this document as new information emerges.

Top ten spike protein detox essentials:

Vit D
Vit C
NAC (N-acetylcysteine)
Ivermectin
Nigella sativa seed
Quercetin
Zinc
Magnesium
Curcumin
Milk thistle extract. ■

KIWI GREEN

Coconut Oil Green Barley

\$20.00

KIWI GREEN
Organic Coconut Oil
550 g

Barley Grass is the leaf of the barley plant. It has been studied extensively for its beneficial health effects and is often featured in green juices and supplements. As one of the 'original superfoods', Barley grass is renowned as a nutritionally dense supplement.

It is bursting with minerals, chlorophyll, and amino acid.

\$22.00

KIWI GREEN
Organic Green Barley
Net 200 g

Coconut Oil is an incredibly versatile oil to incorporate into your diet. Traditionally used as one of the main sources of dietary fat in the Pacific and around Asia, coconut oil has emerged as one of the healthiest and most popular cooking oils over the past decade!

Health Supplements

\$35.00

ColoZone Plus is a natural, drug-free blend that stimulates your intestines and colon to help you feel better inside and out. Helps whether you suffer from constipation, want to boost your magnesium or feel like your body could be running more regularly. Colozone Plus - A Premium Magnesium-based, natural colon cleansing and detoxification product. 100g powder

\$69.00

Quercetin is a naturally occurring free radical scavenger that supports healthy seasonal immune system function. Laboratory studies have demonstrated that quercetin can also help to promote normal respiratory function. Bromelain has a long history of use by herbalists and is known to help support a balanced immune system response to environmental challenges. This complementary combination may thus promote year-round respiratory health and support overall seasonal comfort. 120 Veg Capsules

\$48.50

High-dose pure New Zealand-pine bark extract recommended by integrative doctors, naturopaths, chiropractors and other health professionals. Maximum antioxidant support for brain, eye, cardiovascular and blood vessel function. Supports attention and behaviour in children. 60 Capsules

\$29.00

Zinc is a mineral that is essential for many of the body's normal functions and systems, including the immune system, wound healing, blood clotting, thyroid function, and the senses of taste and smell. Zinc also supports normal growth and development during pregnancy, childhood and adolescence. 60ml

\$40.00

Mega Magnesium has been scientifically designed to support healthy muscles and other daily needs. It contains high strength MetaMag®, a proprietary, easily absorbed form of magnesium that works with your body to provide support for muscle tone & tense and tight muscles. Magnesium has other health benefits, working to support energy production and can be taken for tension during times of stress. 140g Powder

When the sun's rays touch your skin, your body synthesizes vitamin D, an essential nutrient with a wide array of health benefits. Formulated to provide support for lack of this vitamin this supplement provides 5,000 IU of the same form of vitamin D-3 synthesized from sun exposure. For complete synergistic support, it combines with K-2 Menaquinone-7 from fermented chickpea. Together, D-3 & K-2 may help support the transportation and absorption of calcium for healthy bones and teeth, healthy cardiovascular and immune system function. 120 Veg Capsules

\$60.00

\$35.00

Thompson's high potency St Johns Wort 4000 can be used to help manage feelings of anxiety, stress and sadness. St Johns Wort is a natural non-habit forming way to improve well being and elevate mood. St Johns Wort can also be used for the relief of mild nerve pain. 60 Tablets

Magnesium is important for many processes in the body. It is needed for muscles and nerves to work properly, to keep blood sugar and blood pressure at the right level, and to make protein, bone, and DNA. 60ml

\$30.00

The unrestrained ghastriness of lawmakers' abortion pins

Political pins were all the rage among members of Congress at the State of the Union address, but one of the messages donned by at least two lawmakers drew widespread rebuke — and for good reason.

Sen. Edward Markey of Massachusetts and Rep. Madeleine Dean of Pennsylvania, both Democrats, gushed over their decision to wear abortion-themed pins during President Biden's speech.

While both seemingly thought the move was somehow brave or laudable, anyone with even a pinch of discernment understands the ghastriness of it all.

Just consider the pride with which these pins were promoted. Mr. Markey tweeted a photo of himself promoting the pin while he chillingly smiled and gave a jovial thumbs up. On the left breast of his jacket sat the simply designed pin, which included the word "abortion" in all caps.

"I'm wearing my abortion pin from [Planned Parenthood] to tonight's State of the Union address," he proudly tweeted. "Abortion is essential healthcare and we need to codify this right."

The man behind the curtain: A new report exposes how George Soros' propaganda machine has corrupted the media

A new report from the US-based Newsbusters has exposed a vast web of media and activist organizations, funded with millions of dollars, annually, by the billionaire George Soros....

The extensive global influence of the Hungarian tycoon is well-known, and Soros himself has admitted it on countless occasions — including boasts about his efforts in Ukraine. Soros openly declared his role in promoting the 2014 US-orchestrated Maidan coup in Kiev,

Spirit is the Comforter; In Christ's name. He personifies Christ, yet is a distinct personality. Manuscript 93, 1893. "We need to realize that **the Holy Spirit, who is as much a person as God is a person, is walking through these grounds, unseen by human eyes...**" Manuscript 66, 1899, pg 4. "The work is laid out before every soul that has acknowledged his faith in Jesus Christ by baptism, and has become a receiver of the pledge from the **three persons, the Father, the Son, and the Holy Spirit.**" Manuscript 57. Aug 12, 1900, pg 4.

God's Character Is Key

The key to understanding God is to appreciate His character. When Israel had

stating at the time: "I set up a foundation in Ukraine before Ukraine became independent of Russia [sic]. The foundation has been functioning ever since. And it played an important part in events now." In a lengthy interview with the New York Times in October of 2019, Soros explained: "The arc of history doesn't follow its own course [and] needs to be bent," and he was "engaged in trying to bend it in the right direction."

The Newsbuster report identifies the hundreds of media, humanitarian, and social justice organizations that Soros funds annually and asserts that his donations allow him to "wield massive power over information in international politics," and "mold public opinion on practically every continent and in many languages." <https://thepressunited.com/updates/the-man-behind-the-curtain-a-new-report-exposes-how-george-soros-propaganda-machine-has-corrupted-the-media/>

Italian bakery to make bread with insect powder

An Italian bakery plans to sell loaves of bread made with powder from processed crickets.

The news comes after the European Commission ruled last month that partially defatted and powdered house crickets (*acheta domestica*) can be marketed and sold as ingredients in food in the EU. The powder is sometimes used as an additive to make the products richer with protein. <https://www.rt.com/news/571169-italy-cricket-powder-bread/>

worshiped the Golden Calf, and Moses had pleaded for the people, he had asked to see God. God revealed himself and this was the words spoken at that moment. "And the LORD passed by before him, and proclaimed, The LORD, The LORD God, merciful and gracious, longsuffering, and abundant in goodness and truth." Exodus 34:6. This is the God we serve, He is patient while we try to sort out the deep things of God. Pray for wisdom, and remember that "...when **he**, the Spirit of truth, is come, **he** will guide you into all truth:..." John 16:13. "But the Comforter, which is the Holy Ghost, whom the Father will send in my name, **he** shall teach you all things,..." John 14:26. ■

North Island Camp

Book
Now

Hope International 6 Tawa St Ohura
Friday 24th to Sunday 26th March 2023

Speakers

Ben Brown

Clayton Mbofana

Ross Patterson

David Hogan

Sala Rarakula

Kim Whitehouse

PLEASE NOTE: We remind worshippers that during camp meetings we are in the presence of God, and that we should reverence His sanctuary. Please maintain a proper standard of dress, becoming of those who love God and keep His commandments. Parents, please know where your children are at all times.

ACCOMMODATION IS LIMITED, SO PLEASE BOOK EARLY

Hope International

6 Tawa St Ohura 3926

Accommodation Fees per Night

Under 6	Free
6 - 12yrs	\$10.00
13 and over dorms	\$30.00
Day Visitors	Free
Tents (Bring your own)	\$15.00
Tents (use Ours)	\$25.00
Guest Ensuite	\$40.00, 2nd per \$.30.00

All Meals \$4.00

2 adults & 2 children	\$40.00 per day
2 Adults & 3 children	\$55.00 per day
2 adults & 4 children	\$64.00 per day

Meals Accom. Venue

Coming South from TeKuiti: Turn right onto SHW 3. Turn left after approximately 30 Minutes at the sign for Ohura. Keep following signs to Ohura

Te Kuiti North 1 hour
